

Welcome to today's webinar!

The webinar will begin promptly at 9:00 am. Today's presenter is the State Director of Special Education, Michael Lovato.

We will begin with a few housekeeping items before the presentation. During the webinar, if you have questions for the presenter, please type your questions into the question box on your control panel. Questions will be monitored and answered periodically during the webinar. The new webinar format only permits chats to the organizers but not to each other.

Following the webinar, NM CASE will be available to provide membership information and answer questions

As you attend today's presentation, if you keep your mouse over your control panel, the control panel will remain open. If you move your mouse away from the control panel, the control panel will minimize itself after approximately 10 seconds. To maximize your control panel, you can click on the orange arrow in order to enter questions.
